

Introduction

I wish you an amazing morning Sir/ Mam. >>>

Thank you for giving me this wonderful opportunity to introduce myself.

My name is Sandeep Lodhi. I'm 22 years old.

I belong to a farmer's family from Ashok Nagar city in Madhya Pradesh.

Recently, I completed engineering in computer science from Technocrats Institute of Technology Bhopal.

Where my aggregate is 8.5 CGPA I have done my schooling from Govt. Inter college Lalitpur Where I have secured 76% in 10th standard and 76% in 12th standard.

I have invested this entire graduation journey in learning various programming skills.

My technical skills include programming in C, C#, MERN development, and databases.

I am also familiar with web development.

I have done an internship at Shaligram Infotech Pvt Ltd as a software developer where designed and developed responsive web applications using ASP.NET MVC Assisted in building restful APIs with Node JS and Express JS. Developed and maintained databases using MS SQL SERVER.

And using .Net MVC I have developed project like Quiz App.

And also developed another project Place Order using C#.Net.

I always have a positive attitude toward my work profession, being self-motivated and hardworking is my key strength and easily trust everyone as my weakness.

Guiding the students and playing cricket are my hobbies.

I strongly believe that I have good time management and leadership skills that might help to grow my career as well as my profession, if you give me the chance to join with your team, I will definitely give my best as much as possible.

Coming to my extracurricular activity, I love music and dance. I am an enthusiast. I love to work hard to achieve goals I am a team player and a very optimistic person in difficult situations.

Once again thank you for the opportunity.

That's all about me.
